Mobile Equipment

All seminar rooms are fully-equipped with portable sound systems, video projectors, OHPs, white screens, pin walls and flip charts.

Congress hotel

The splendidly designed lobby of our congress hotel will lead you to the magnificent 227m² auditorium which, fully equipped with extensive lighting and stage facilities, can comfortably host up to 250 people.

Aside from the usual conference facilities such as internet connection, telephone, video projector, screen, PA, all via integrated floor sockets, Europahaus also offers a live video transmission to a second 116m² seminar hall, should you have up to 400 people.

This facility also offers a fully functional PA system which is integrated into the ceiling.

Naturally, as in the other TWO 46m² meeting rooms, internet and telephone network come as standard. Further working group rooms are also available and the majority have direct access to the park.

Orangerie

The delightfully exotic Orangerie has been extensively renovated and its close-up view of the beautiful park creates the ideal atmospheric setting for your company receptions, family occasions or other events. It is also most suitable for specialised seminars and conferences...

Baroque Castle Miller-Aichholz

The ample selection of beautifully restored rooms in the castle vary in size from 22m² to 84², each with its own touch of historical flair, and may be used individually for small gatherings or collectively as part of family occasion or business event. These rooms also offer the perfect solution for independent workshops or working groups of larger seminars held in the conference hotel.

The ideal venue for every occasion

Surrounded by a beautiful 6 hectare park, Europahaus Wien and its exquisite baroque castle, modern congress hotel, palm-house-style orangerie and elegant restaurant, is the perfect setting for all your catering needs.
